Tea Bag 茶葉包

Packing tea in paper goes back to medieval 8th century China, during the Tang Dynasty when paper was folded and sewn into square bags to preserve tea flavoring and aromas. Then the paper tea bags were stitched from all sides to create protective casings for the tea leaves.

Syrup 果汁

Taste this premium concentrated juice. Mix various flavor with different ice cream or bubble tea will definitely enhance your flavors of drinks. Serve boba using authentic flavors, imported from taiwan.

蜜茶 Honey Tea

Before the advent of refrigerators, preserving foods was the only method of keeping them throughout the winter months. For centuries, honey fruit teas were also functional, serving as a home remedy for common ailments. Containing lots of vitamin C, they are still consumed today as homeopathic remedies to aid with soothing sore throats, suppressing coughs, relieving hangovers, helping with indigestion and improving skin health.

These jams are perfect for not only blended drinks, but also popularly served as toppings on ice cream, frozen yogurt and shaved ice.
